

# - OMNI PRO -

## PRODUCT DESCRIPTION

Our OMNI PRO is our professional-grade machine, with world-class capacity and packed with technology to make the professional vendor's life easier.

The 11" touchscreen provides an amazing customer experience with custom product images, descriptions, and even linked video ads for each product.

You can mix & match the amazing features of our OMNI PRO machine to create the perfect custom vending solution for your products. You can fit up to 6 shelves in the machine with conveyors belts or coils to accommodate odd sizes or link columns for large products (up to 9" wide). The Elevator Delivery System ensures safe delivery of any product, including glass or fragile products.

The Cashless Payment System accepts chip and swipe credit cards, contact-less NFC payments, and mobile payments including Apple Pay™ and Google Wallet.

Create a completely custom graphic for the skin of your state-of-the-art OMNI PRO machine.
